

HoMedics, Inc., guarantees this product free from defects in material and workmanship for a period of one year from the date of original purchase, except as noted below.

This HoMedics product warranty does not cover damage caused by misuse or abuse; accident; the attachment of any unauthorized accessory; alteration to the product; or any other conditions whatsoever that are beyond the control of HoMedics. This warranty is effective only if the product is purchased and operated in the USA. A product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications is not covered under warranty. HoMedics shall not be responsible for any type of incidental, consequential or special damages. All implied warranties, including but not limited to those implied warranties of fitness and merchantability, are limited in the total duration of one year from the original purchase date.

To obtain warranty service on your HoMedics product, either hand deliver or mail the unit and your dated sales receipt (as proof of purchase), postpaid, along with check or money order in the amount of \$5.00 payable to HoMedics, Inc. to cover handling.

Upon receipt, HoMedics will repair or replace, as appropriate, your product and return it to you, postpaid. If it is appropriate to replace your product, HoMedics will replace the product with the same product or a comparable product at HoMedics' option. Warranty is solely through HoMedics Service Center. Service of this product by anyone other than HoMedics Service Center voids warranty.

This warranty provides you with specific legal rights. You may have additional rights which may vary from state to state. Because of individual state regulations, some of the above limitations and exclusions may not apply to you.

IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING

- Unit should never be used in the presence (direct or indirect) of any liquids. The Style Spa Traveler is not waterproof, and will short circuit when in contact with liquids. This includes areas of extreme humidity (i.e. bathroom), where corrosion can take place.
- Avoid exerting strong pressure on the attachments. Never drop or strike the unit against a hard surface.

WARNING!
NEVER LEAVE THE
STYLE SPA
TRAVELER
UNATTENDED,
ESPECIALLY IF
CHILDREN ARE

- Dead batteries should be immediately removed from the battery compartment, as they will leak and corrode the internal contacts.
- Do not use Style Spa Traveler while showering or bathing, or with wet hands.
- Do not place or store the unit where it can fall or be pulled into a tub or sink. Do not submerge or drop into water or any other liquid.
- Never reach for an appliance that falls into water.
- Never operate Style Spa Traveler if it is not working properly, if it has been dropped or damaged, or if it has fallen into water. Return it to HoMedics' Service Center for examination and repair. (See the warranty section for HoMedics' address). Do not attempt to repair the appliance yourself.
- Always switch the appliance off when it is not in use and before cleaning.
- Use the Style Spa Traveler only for its intended use as described in this manual. Do not use attachments not recommended by HoMedics, specifically any attachments not provided with the unit.
- This appliance is not suitable for commercial use.
- This unit is not a toy. Children should not use it or play with it. Keep Style Spa Traveler out of children's reach. Close supervision is necessary when using the appliance on or near children, invalids or disabled persons.

SAVE THESE INSTRUCTIONS

Caution — Please read all instructions carefully before using the Style Spa Traveler.

- If you have any concerns regarding your health, consult your doctor before using this product.
- If you are susceptible to allergic reactions or if you have circulatory problems, consult a physician before using this product.
- Do not use on irritated, sunburned or chapped skin, or on any area with dermatological problems.
- Do not apply over skin eruptions, warts, moles or varicose veins.
- Use of Style Spa Traveler should be easy and painless. If you experience nail or skin irritation, or hand discomfort when using this product, discontinue use. If a more extreme reaction occurs, consult your doctor.

Using Your Style Spa Traveler

The Style Spa Traveler comes complete with four traveler-style manicure tools.

Shaping Files

Choose the shaping file that most suits the nail's size and thickness. For smaller, thinner nails, use the small shaping file (Inset A). For larger, thicker nails, use the large shaping file (Inset B). Lightly apply the file to the edge of your nail, moving the unit along the side of the nail until you achieve the shape and smoothness you desire.

Cuticle Lifter

After shaping nails and treating rough skin, gently push back each cuticle using the cuticle lifter (Inset C). You may choose to soak and moisturize your hands before this stage (moisturizer not included).

Polishing Tool

Finally, dry hands if necessary and lightly buff the nail surface to smooth nail edges and add shine (Inset D).

Applying Attachments

1. This unit is powered by 1 AA battery.
2. Choose one of the product's four interchangeable attachments and gently snap it into the unit's handle.
3. Switch the unit on and lightly apply the attachment to the nail or skin surface.
4. Periodically stop treatment to check your results.
5. When finished, switch unit to the "OFF" position. Wait for the attachment to come to a stop, then remove it for storage or replacement.
6. After using, wipe the metal surface of the attachment with a damp cloth to remove residue.

**CAUTION:
WHEN USING
ATTACHMENTS,
STOP TREATMENT
OCCASIONALLY
TO MONITOR
YOUR RESULTS.**

**NOTE:
DO NOT
OPERATE UNIT
FOR MORE THAN
20 CONTINUOUS
MINUTES AT
ONE TIME.**

After Your Manicure

After filing and shaping nails, you may bathe hands to rehydrate nails and soften cuticles. Soak your hands in a lukewarm bath for 15 minutes. Next, massage moisturizer (not included) into the skin and into each nail, paying close attention to your cuticles. Finally, dry hands completely and apply the polishing cone to smooth edges and lightly buff nail surface for added shine.

Tips for Keeping Nails Healthy

To achieve the best results from your Style Spa Traveler, follow these guidelines.

- Avoid placing harsh chemicals on nails.
- Avoid exposing hands and feet to cold, dry environments. Always wear gloves in cold temperatures.
- Avoid strong soaps, detergents and excessive washing of hands.
- For best results, do not bathe hands or feet before applying Style Spa Traveler attachments.
- Proper nail hydration is key to strong, healthy nails that resist chipping and splitting. After using Style Spa Traveler attachments, soak hands in a warm, soapy, 15-minute bath to restore moisture. Next, rub a light moisturizer (not included) into your skin, nails and cuticles to soften hands and protect nails.
- To prevent nails from splitting and peeling, wear high-quality nail polish (not included) to protect against harsh elements and seal in moisture. Polish nails before applying any moisturizer.
- Avoid changing polish more than twice a month.
- Keep your cuticles healthy by first moisturizing and then gently pushing back your cuticles with the Style Spa Traveler's cuticle lifter.
- Use Style Spa Traveler shaping files rather than nail scissors for safer, more controlled removal.
- Wait seven to 10 days before re-buffing nails to maintain the thickness of nail surface.

Maintenance

TO STORE

Place attachments into their proper compartments inside the storage case. Store case in a safe, dry place, out of children's reach.

TO CLEAN

ALWAYS TURN OFF THE UNIT BEFORE CLEANING.

Never use liquids or abrasive cleaners to clean the housing of the unit or the case. Wipe off case with a damp cloth. Clean attachments periodically using alcohol. Allow attachments to dry before inserting them into the controller handle.
